Our Mission

DreamCatcher's empowers students and their local communities to fulfill the end-of-life Dreams of hospice patients, and creates powerful connections for younger and older generations.

Our Reach

We operate 45 chapters in 17 states and have enlisted over 500 volunteers to help us fulfill our mission. We partner with a network of 250 hospice providers and have actualized hundreds of Dreams for hospice patients.

Dream With Us! We are growing and we want YOU to join us!

There are many ways to get involved with DreamCatcher's!

Students

Start a chapter at your high school or college. We've developed all the resources you need to get started and will guide you through the process every step of the way. (DreamCatcher's is a great avenue for students to meet community service graduation requirements!)

Volunteers

Put your social media, photography, writing, and business development skills to work for DreamCatcher's! We are always looking for volunteers to help us bring Dreams to life. If you are compassionate and ambitious, we will find a role for you!

Hospices

Do you want to bring DreamCatcher's to your hospice? We would love to partner with you! Please reach out (information below) and we will help you get started!
